BRITT CONFIRMS AGE PLAY

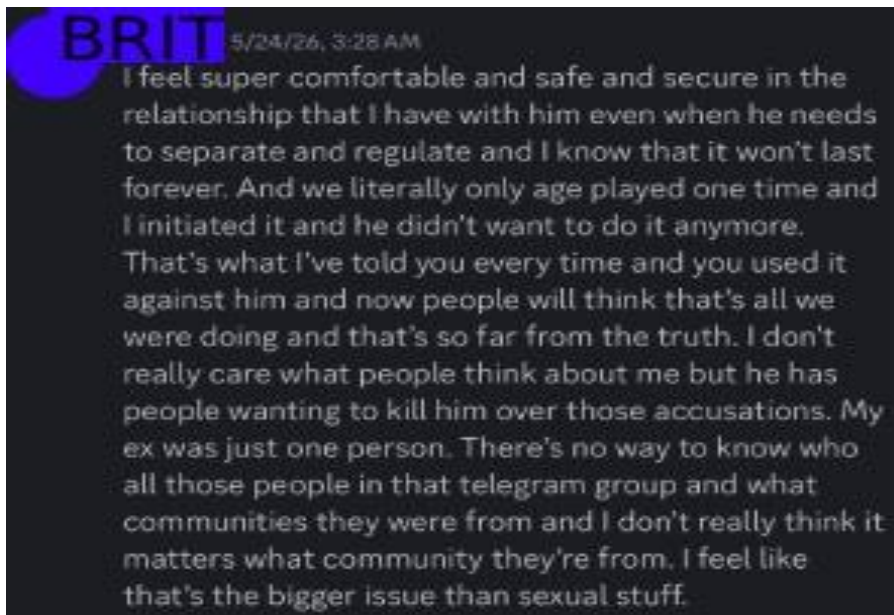

COUNTERPOINTS 6:07 PM
Just saying, previously you did tell me you guys did age play as teenagers or something

BRIT
It's because I'm aware of why guys are attracted to me. It's because I'm really tiny and petite and look young, and I have a feminine and submissive personality on first glance anyways and they exploit that so I just subconsciously flip it around on them and do the same thing to them. It's kind of exploitative and not a good thing to do and it makes me feel like I'm in control in a weird way instead of the other way around.

BRIT
I'm like 98% positive that he's into it for some kind of similar psychological reason that's based in trauma, attachment, and control, I don't think that he's got an attraction issue either. But I'm not a mind reader or a doctor.

BRIT CONFIRMS AGE PLAY 2

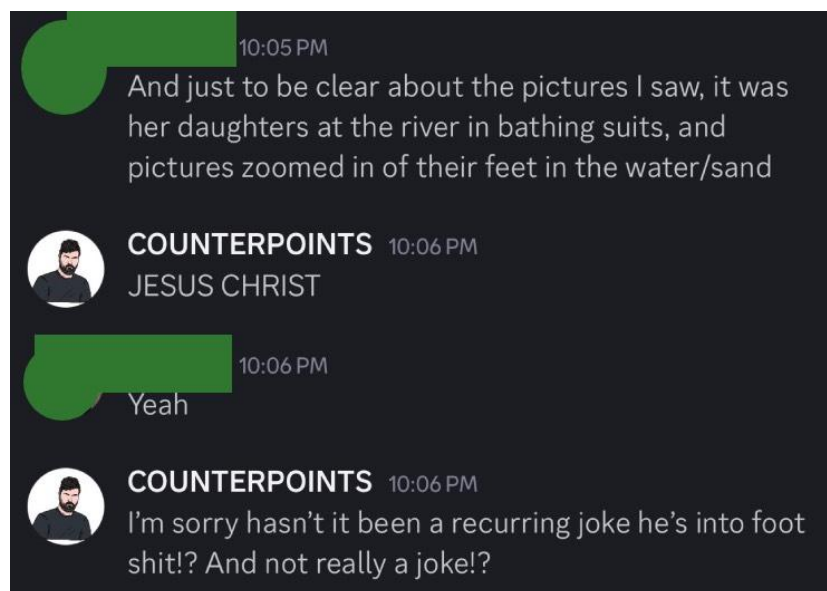

BRIT 5/24/26, 3:28 AM
I feel super comfortable and safe and secure in the relationship that I have with him even when he needs to separate and regulate and I know that it won't last forever. And we literally only age played one time and I initiated it and he didn't want to do it anymore. That's what I've told you every time and you used it against him and now people will think that's all we were doing and that's so far from the truth. I don't really care what people think about me but he has people wanting to kill him over those accusations. My ex was just one person. There's no way to know who all those people in that telegram group and what communities they were from and I don't really think it matters what community they're from. I feel like that's the bigger issue than sexual stuff.

PLAN TO VISIT

BRIT 5/23/26, 2:23 AM
My mom went to Miami last month and I was supposed to go and see him but then I didn't get to go with her so now she's going back next week for swim week and he goes back and forth about whether he wants to see me and wouldn't give me an answer and I don't really care nothin about going down there unless I can see him and I would need to take off work and my mom wouldn't give me the dates either, idk I just felt stressed about it and was like do you want to see me or not and he wouldn't answer me. Everything is just confusing with him lol which I'm fine with it's just hard sometimes. We would have been hanging out on clerith week and clerith day which would have been pretty cute lol and not even planned! I don't really want to be like flew out I feel like that's awkward lol I like the idea of a chance encounter sealed by fate like I just happen to get to go and he just happens to be able to see me or it's like an almost encounter and we have to try again next year lol that's kind of romantic and suspenseful right?

BRIT 5/23/26, 2:33 AM
Every time we've did this he's crashed out and did self destructive things whether it's actually related to me or not idk but what happened with y'all? What did he do? I haven't looked at any of the drama I don't follow any of that stuff at all.

HUSBAND IS A GROYPER/PLAN TO KILL STEVEN

BRIT 5/24/26, 3:59 AM
And then my ex says he was never a groypers but he def was and everyone in Paul's community knew it

 **COUNTERPOINTS** 5/24/26, 3:59 AM
Yup
I knew he was self sweeping

BRIT 5/24/26, 4:01 AM
If the telegram wasn't that serious that's not how he presented it to me. Maybe he was just trying to freak me out but I would never make something like that up.

 **COUNTERPOINTS** 5/24/26, 4:01 AM
Trust me, he was pretty spicy in our dms. I'm pretty sure he just didn't want to be portrayed as a criminal because like he said, he loves his kids too much and doesn't want to be incarcerated

BRIT 5/24/26, 4:02 AM
That doesn't mean those snarkers don't have people in those servers

PLAN TO KILL DESTINY 2

COUNTERPOINTS 5:21 PM

Hey, just double checking I didn't hallucinate something. Did you say that your husband was a groyper and that he made a telegram chat room of people who hated Destiny and he was thinking about going to Miami to kill him?

BRIT 5:24 PM

You are not hallucinating. Idk about him making a telegram. He was just in there. He said that they were all tracking his every move and knew where he was at all times and knew his schedule and had his address, photos of his apartment and all around his apartment, and that there wasn't necessarily an active plan but that they were all super crazy and just hoping that one of them would be crazy enough to actually do it. And yes he was thinking about going and doing it. I told him that if I knew he was going down there I would report it and stop him and he said he could get someone else to do it or that he would be patient and wait a while and then do it at some point.

PLAN TO KILL DESTINY 3/DESTINY GETS PORN FROM BRIT/DEVIL

and doing it. I told him that if I knew he was going down there I would report it and stop him and he said he could get someone else to do it or that he would be patient and wait a while and then do it at some point.

He eventually chilled out about that stuff and said that he's not going to do anything. We got along pretty well before he moved out. He filmed content with me to send to Destiny :x

COUNTERPOINTS 5:26 PM

Was he a groyper?

5:26 PM

But who knows he could still snap at any point and still go through with it but I don't think that he is that stupid. I reported him so I'm sure he's on their radar hopefully

COUNTERPOINTS 5:26 PM

Like a Nick Fuentes fan?

DESTINY DEVIL BRIT PORN

5:26 PM

Yes and he talked shit about you and about using you and was bragging about how he played you like a fiddle or some shit

That doesn't have anything to do with this though does it?

I told you that he was a crazy  and super extreme trad controlling. That's why I started talking to Destiny in the first place.

He didn't even really believe in God. He converted so that he could have better control over me and the girls. He's always been pretty crazy like worse than me, he was experiencing some type of neuropathy and I couldn't deal with it anymore. It was driving me insane. It's hard for me to even have normal relationships from being around him for so long. He made you think he was all perfect but he's not. He's a convicted arsonist

COUNTERPOINTS 5:31 PM

And he was cool shooting porn with you that you then sent to destiny!?

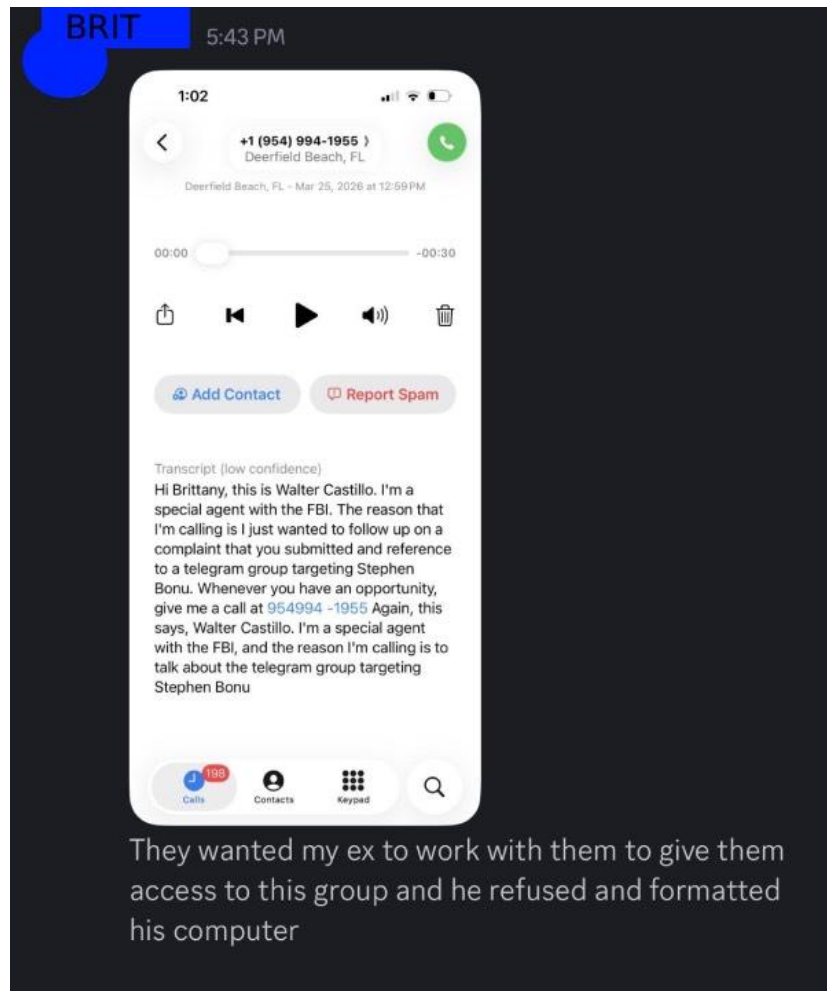

NEW MESSAGES

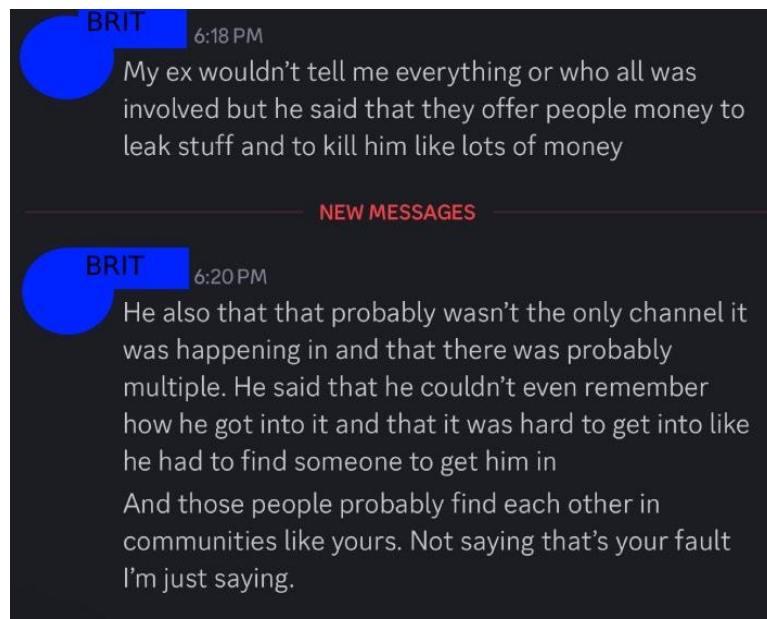

5:31 PM

Yeah because we weren't together anymore so he stopped caring I guess idk? Or he was just making me think he didn't care anymore idk
