

LiterallyNoOne/Marc is Dangerous

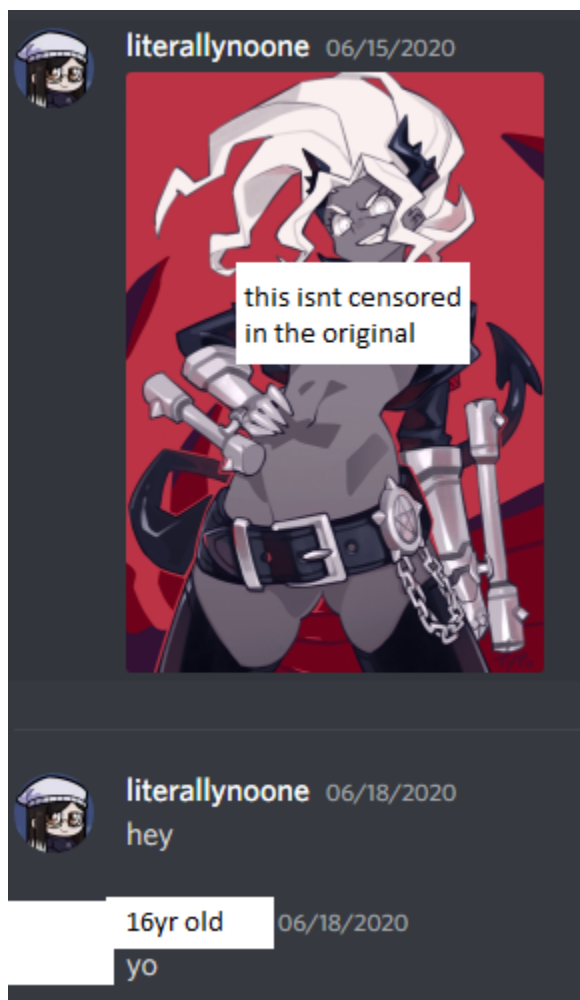

LiterallyNoOne (Discord UID 132960644755357697) is a content creator on youtube that, as of writing, has 248k subscribers.

In the past, he has been shown to jerk off in voice chats with both minors and adults, and has screenshared porn on multiple occasions to his friends.

In trying to “apologize” for these actions, Marc has dug his own grave, admitting to all of them.

He is a danger to others if he continues this path, and over the years that we’ve known him he has not changed at all, despite his claims to the contrary. (and even if he did change, I don’t think showing/sharing porn with minors can be forgiven regardless).

Below this paragraph are screenshots detailing his admission to these actions, among other manipulations.

This one should be self-explanatory

then how are you video calling

Screenshots showing that he was willing to, and interested in getting into a smut group, showing he was willing to consider the option of cheating.

Admission of manipulating his friends into cutting ties, harassing, and even attacking his ex..

Zora Today at 7:52 PM

Firstly I want an apology from you for all the mental stress you put me through, throwing me away like garbage, and how you've done this to so many people
I won't lie, it's bothered me for a while, knowing that any friendship we had never really mattered to you in the first place
Esp how I tried to do right by you, even OVERLOOKING all of the stupid shit you did in the past, and apparently continuously do
You completely manipulated me and others for your own ends, and you threw me away like trash
It's vile and you should know it
Using me as a spearhead for your crusade against Nina, along with Adam, like it still BOTHERS me man. It's not, and never was cool of you to guide me to do all of that terrible shit.

literallynoone Today at 7:56 PM

I'm sorry for the mental stress I've caused you. But I've never tried to manipulate you, the old group, her, etc. in the first place.

@literallynoone I'm sorry for the mental stress I've caused you. But I've never tried to manipulate you, the old group, her, etc. in the first place.

Zora Today at 7:56 PM

This is a lie, at least in terms of manipulation. It was at least a pathological manipulation, whether you intended to or not.
On top of that you were extremely hateful of her, and were willing to do anything to either

- 1) Get her back
- 2) Get back at her for cheating on you

Plus, you legit had a backdoor on anything that Nina had in terms of her Insta, her Discord, and whatever else man. You wanted to have full control of a person, and when you didn't get that control, you manipulated your friends to make it seem like you're the hero in the situation.

literallynoone Today at 8:04 PM

I never did though. And I never sent you guys to do anything either.

I was nowhere near the correct mental state back then and I never wanted any of that to happen. I was angry at her. But I didn't actually want anything bad to happen to her. I didn't tell you or them to do anything. You guys assumed.

Just because you assume what I'm thinking doesn't actually *mean* that's what I'm thinking.

Zora Today at 8:06 PM

Yeah but you DID know what Adam and I were doing, and you could've stopped us at any point. This doesn't change the fact that yes, Adam and I were wrong to do what we did for sure, but YOU instigated the situation and supported it as well. YOU were the match that lit the campfire. Also, whether or not you were in the "correct" mental state is irrelevant, you are responsible for your actions as a person, especially as a content creator.
Also you were very vocal about your mental health during this time, you talked about how you were the most depressed and angry at that stage of your life constantly, so it's not an assumption I, or really anyone else made during that time.

literallynoone Today at 8:08 PM

I didn't know what you were doing until after the fact.

And whatever you guys do, I can't control you guys. I didn't enable that. Again - I was angry at her. I did NOT want something to happen to her.

Zora Today at 8:10 PM

That's just you gas lighting me bro, Adam was constantly informing you of his actions AND at one point I did share what I said to Nina to you guys as well during me typing it out to her, especially with OrionLyre
Also you legit tried to control everyone in your life during that time what???
You had people block/unfriend Nina left and right, or else they "couldn't be trusted"

Zora Today at 8:34 PM

What about the times you've streamed porn from your Twitter timeline to minors multiple times
And we both know it's true, don't even feign ignorance
Mike, Gabe, Dilly, Joker, need I go on about this
And apparently you're STILL doing it
And from what I heard, it's straight up just porn at times

literallynoone Today at 8:37 PM

- A.) I've stopped doing that, have my own alt for it at this point.
- B.) Nobody complained about it prior, literally up until the point we all stopped talking
- C.) Even back then, I always gave a warning for the people in the call. Either they didn't care or disconnected like they were supposed to.

I never meant any harm out of that. I was wrong for it, but it was never supposed to lead anywhere else.

Zora Today at 8:17 PM
 Alright so what things.
 And don't say "you should know already"
 Be specific
 Just admit to your faults

literallynoone Today at 8:27 PM
 Throwing you guys out.
 Using the backdoor on her.
 Not stopping any harm befalling on her.
 Taking my anger towards her out on you and the group, using my anger as a tool to rile you guys up.
 Trying to get you guys to stop being friends with her.
 Again, while I was angry at her, at the end of the day I didn't want anything super bad to happen to her. At this point I can't say I completely didn't, cause obviously I was angry and clouded. But I didn't want that for her.

As for you guys
 Sorry for causing you guys all that trouble, okay? Seriously, I don't want to go back but I'm at least sorry. I just want us all to go our separate ways.

The time I was friends with you and that group was a fucking dark period of my life, you and I both said. And I've been trying not repeat that shit again ever since I left that group.

I did a lot of stupid shit both on the tail-end of that relationship and after it ended.

If I missed anything, then let me know.
 The friendship did mean something but I had/still have massive trust issues, but I'm not controlling people like that anymore. And I'm sorry you guys had to go through that cause of me.

Marc fully admits to being mentally abusive and using me and others to harass his ex, on top of admitting showing porn to minors in Discord streams through his Twitter timeline, or straight up porn, and makes excuses for it saying he made warnings to make it reasonable.

Zora Today at 8:38 PM
 Why did you do it in the first place man
 Like where was your thought process on that
 Also a warning for sure makes it right man, that's totally how that works

literallynoone Today at 8:42 PM
 The time I spent growing on the internet wasn't as tame as others, and there's a disconnect from what I grew up with vs. what others did. I know some people act more mature than others, so that furthermore clouded that shit.

A warning doesn't make it right, I mainly did the warning cause I'm looking at memes on Twitter and then it shows up.

It doesn't justify it but I didn't mean any harm from it at all. And never wanted it to lead to something else.

 I'm more private about that kind of shit nowadays. For sure. The server is so closed off at this point, I don't even do that shit in #general. I don't even USE #general.

Zora Today at 8:46 PM
 You have to understand where I'm coming from here, this makes the whole Seri situation seem so much worse now in hindsight

literallynoone Today at 8:48 PM
 Seeri wasn't gonna go anywhere and it wasn't meant to be serious whatsoever.

Period.

It never led anywhere. I stopped it before it even COULD go anywhere.

Zora Today at 8:50 PM
 Bro we legit thought she was 13 at one point

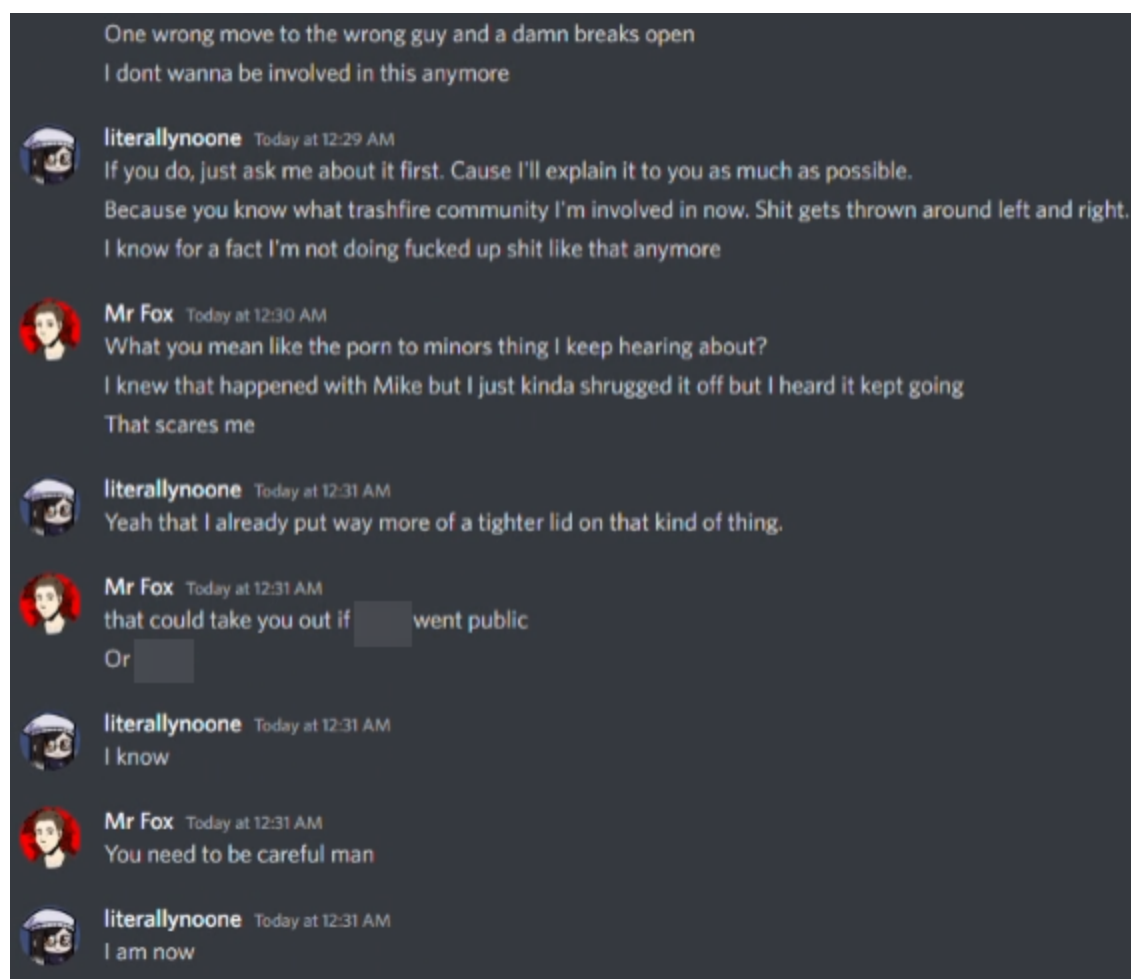

literallynoone Today at 8:51 PM
 ??? she was 17
 Where did 13 come from

Zora Today at 8:52 PM
 Yes but the group thought at the time she was 13
 Since she talked to us at the time and told us she was 13

literallynoone Today at 8:53 PM
 I knew for a while she was 17 at the time and my roommates are cross-referencing as well that they consistently threw shit around left and right.

Either way, just know I was NEVER gonna go anywhere with it and I'm not even gonna set foot on that path, even remotely, at all.

Him also admitting sexting a minor when he was 19, and saying that even if they were 13, it makes it excusable as it was "never gonna go anywhere in the end".

Him admitting to keeping his previous actions (namely screen sharing porn to minors (multiple times)) under a “tight lid”

Generally speaking. Marc/LNO has not changed a bit over the years. Constantly gaslighting and manipulating. He cannot be trusted.

Please spread this document and ensure LNO does not maintain his platform. As long as he maintains his status as a content creator, he will have the ability to abuse his reach to harm more people.

Apologies for not releasing this information sooner, frankly a large chunk of people wanted this situation just out of their lives, and didn’t want to deal with any potential fallout. Better late than never.

More information may be added later.

If you have more information regarding Marc/LNO, please send any information you have (with evidence) to mynamajeff@horsefucker.org While I personally feel the evidence provided is damning enough, the more that can be provided the more it will be clear to people how truly toxic he is.
