

# Kiwi Farms Nursery rhymes

In spring I plant my pepper seeds  
And water every day  
And pull up all the pesky weeds  
To help it on it's way

Behind the fragile eggshell wall  
A little kiwi's curled  
The furry little feathered ball  
He looks upon the world

I read of magic, lords, and rings  
Of Dragons, Queens, and even Kings  
I love these books so very much  
Their stories have a magic touch  
Adventure waits inside a book  
Pick one up and take a look

I grump and stumble out of bed  
I need my morning cup  
My body feels like crud and lead  
The coffee wakes me up

I picked a bunch of flowers  
And I set them in a vase  
They brighten up the hours  
They stay in bloom for days

I have so many little pets  
Hamsters, to be precise  
I take them all to different vets  
Who wrongly call them "mice"

I put my headphones on my head  
My beak moves to the beat  
A rockin' rollin' country song  
It makes me tap my feet
