speaking up about bier/mura : what he has done.

hello. i am kaito, but i go by many other names. i am a ex friend of mura's, and i have dropped him [in may 8th, 2022.]. this led to a shitshow that only happened because i didn't want to be friends anymore. i made this doc to call out what he's done to me and many others that were involved with him.

My name is Dev, and I am a friend of Kaito's. I've also been friends with Bier, but I broke off with him in 2020, I believe. I'm in this document with Kaito because I want to help bring light to the situation and how he is.

Hello, I am Toby, but many people know me by my old username g0at! I wrote the main carrd against Bier, who I was friends with around 2020. I'm here to provide proof and context if needed.

hai! >w im temmie!!! im also known as pup :D i've been friends with mura since late 2021 till early 2022, but i recently dropped him >n i'm here to try to get mura to get help.

Hello, I'm Jai. I was kind of friends with Bier from February of 2021 through my now ex-boyfriend, Calum/Toni. I'm here to speak on what I remember with how Bier treated me and Cal (even though I hate Calum's guts now). I will be adding trigger warnings where necessary.

I'm the other toby and i'm here for comedic relief.

Hi I'm Madoka! Also known as Loona. I used to be friends with him as well but I dropped him in January.

"Why are we making this document about stupid pixel pony drama?"

We are creating this document to shed light on what Bier has done to us and many other people and to let people know the type of person they really are.

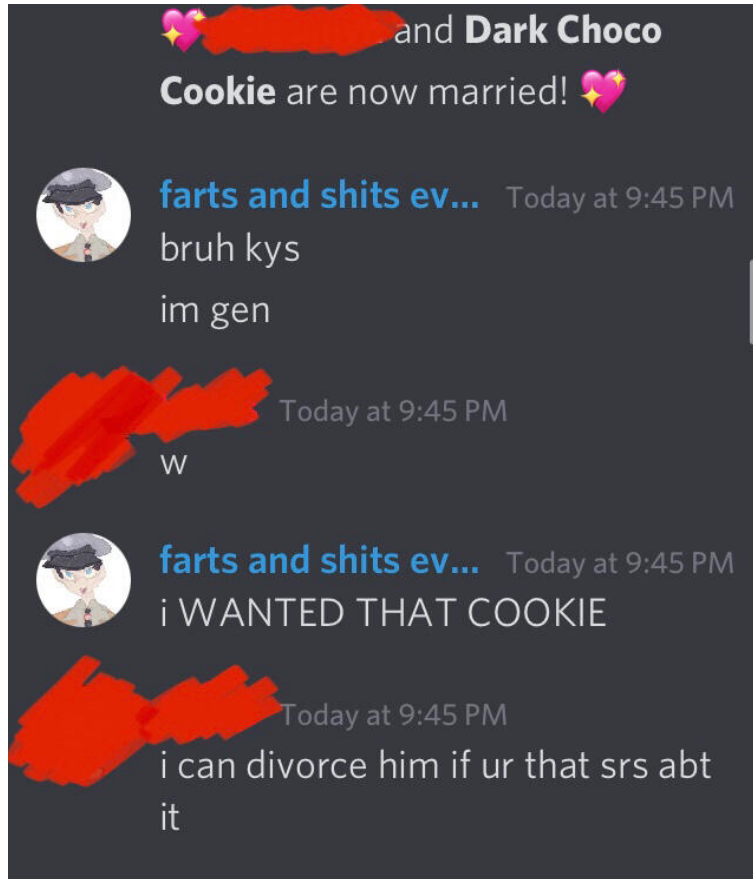

! DISCLAIMER !

please do not harass anyone mentioned in this doc. this is only bringing the things bier has done for the past year.

this document will be updated later on.

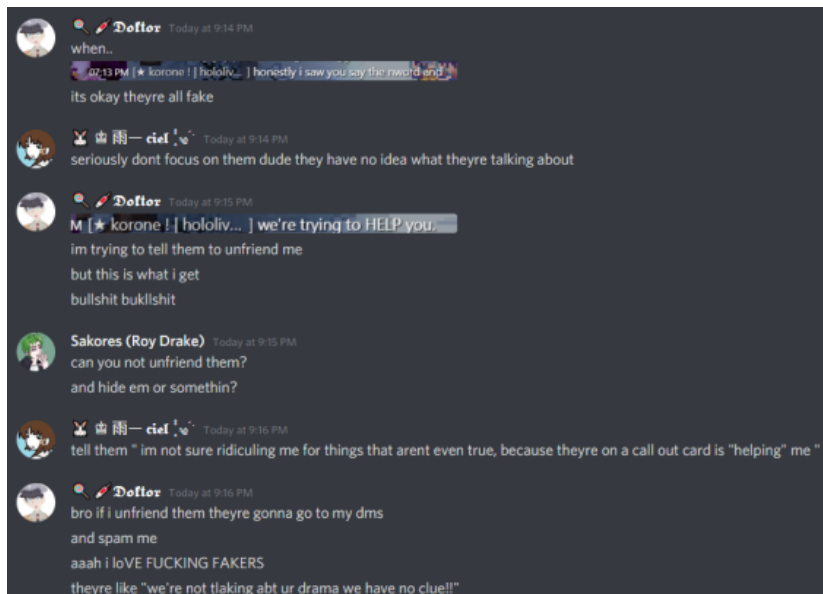

Mura sending death threats.

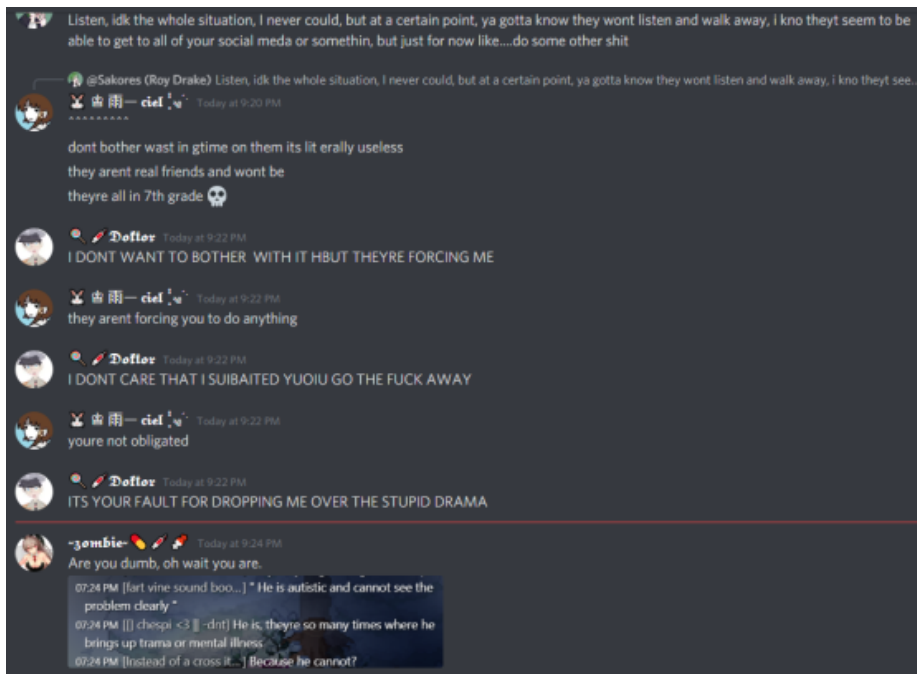

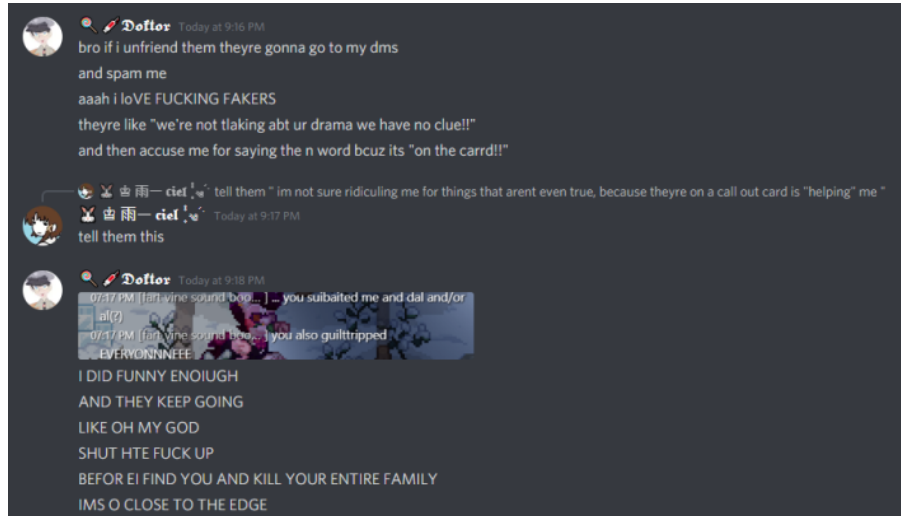

mura/bier is known for saying multiple death threats to others, and even the mudae bot because he wanted dark choco cookie to marry him.

*Bro fr got all pissy abt it and then said "no nvm" like??? FRRR
Mf mad over a bot.. :(*

mura has also sent death threats to his "fake friends".

"but he didn't say them to us!!"

"I don't care that I subaited you. Its your fault for dropping me"
He clearly knows he's in the wrong and yet decides to throw the fault at someone else as if the other person wanted to be subaited LMAO.

telling someone that they're gonna kill their entire family, is still considered death threats, especially if you're serious about it.

"A death threat is a threat, often made anonymously, by one person or a group of people to kill another person or group of people. These threats are often designed to intimidate victims in order to manipulate their behaviour, in which

case a death threat could be a form of coercion.”

Mura being manipulative / guilt tripping.

before we get onto this subject, what is guilt tripping?

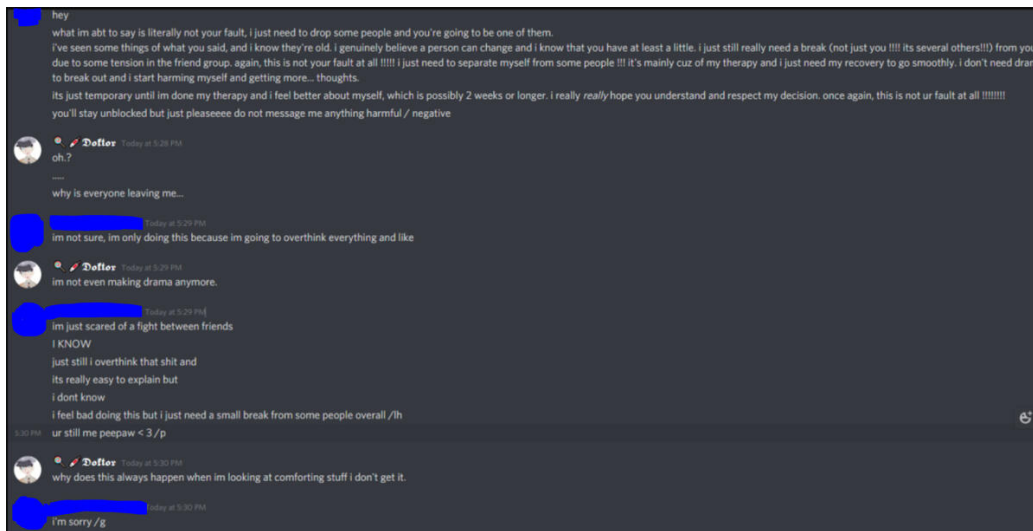

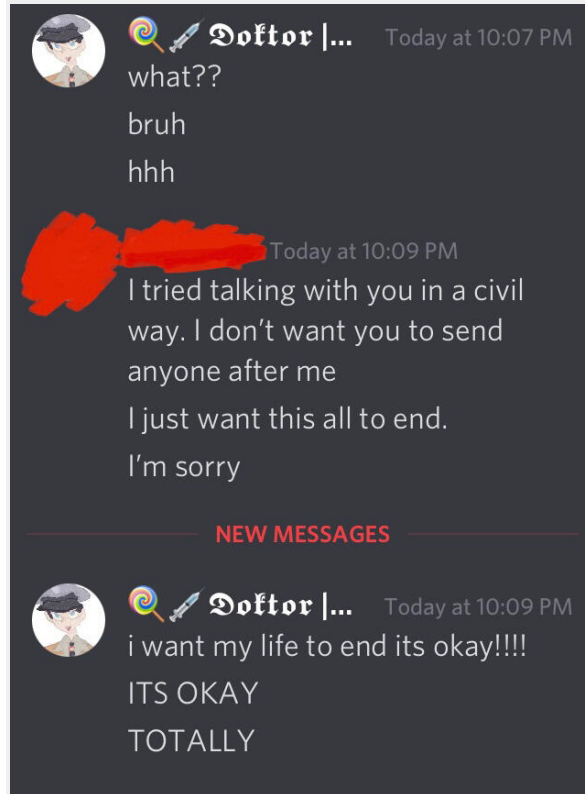

guilt tripping is a manipulation technique, in which is used to make others feel bad, and is a type of emotional abuse.

Example:

[A] : “Why are you leaving me..? I’ve done so much for you, and that’s how you repay me..? Maybe there is people better than me. I’ll just leave..”

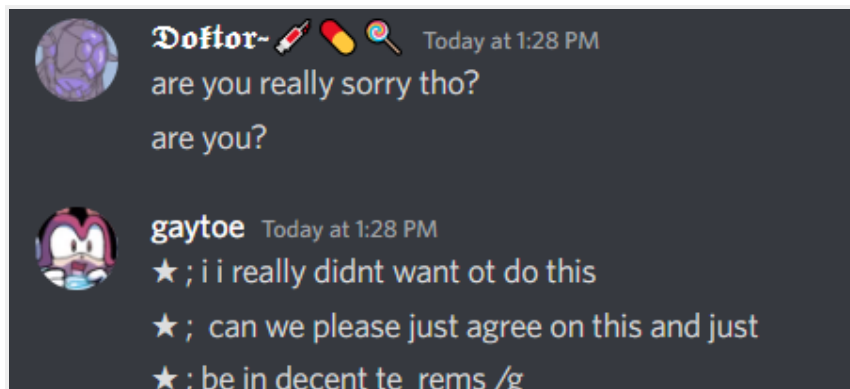

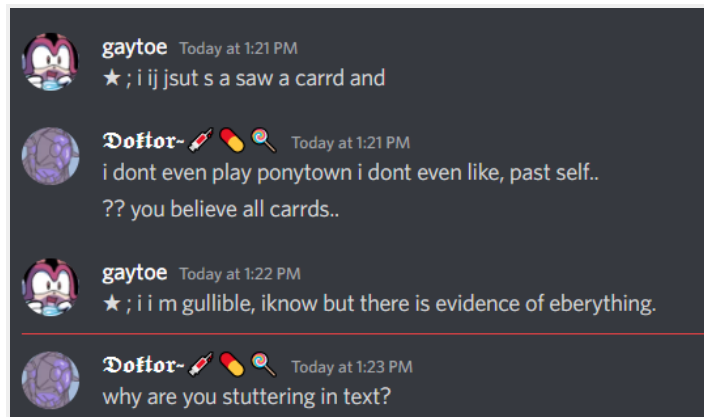

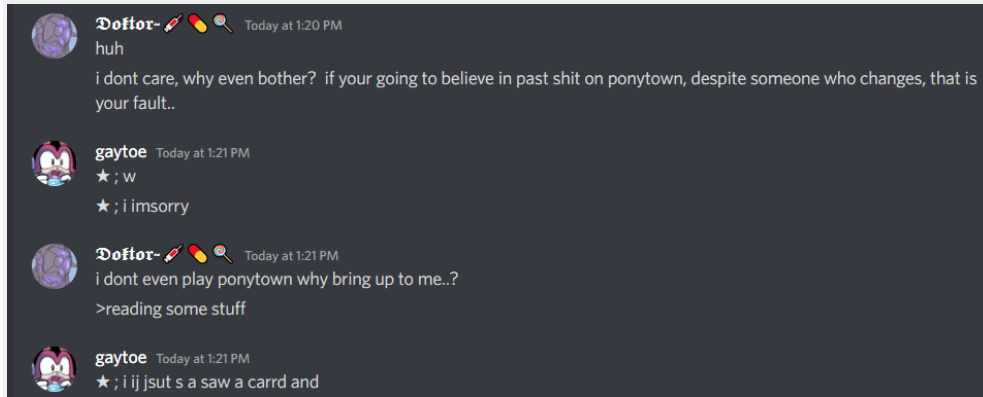

[B] : “what”

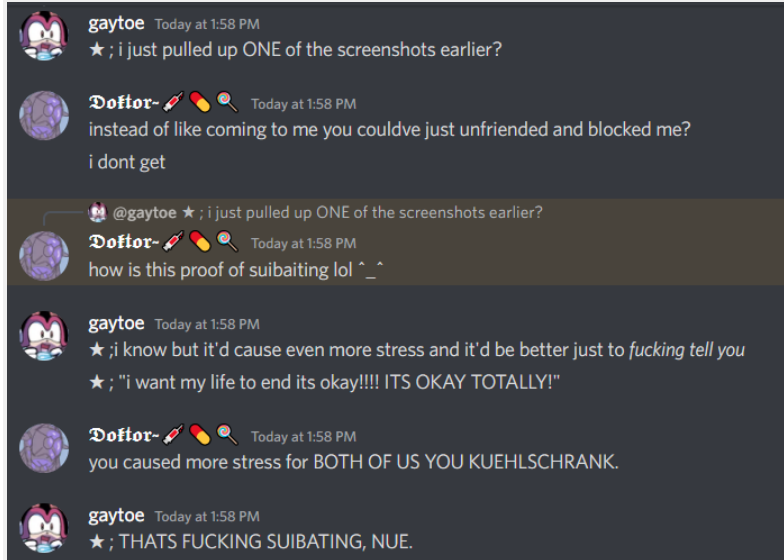

three of my friends [who are kept anon], had dropped mura, and he had guilt tripped them.

this screenshot above (blue) is actually from me. i was dealing with a lot at the time and mura was a big stresser as they continued to insert themselves in unnecessary drama and say some very dehumanizing / insensitive things. he guilt tripped me, then continued to follow me around at spawn in pony town. he said things about wanting to end his life and such as "nobody would care."

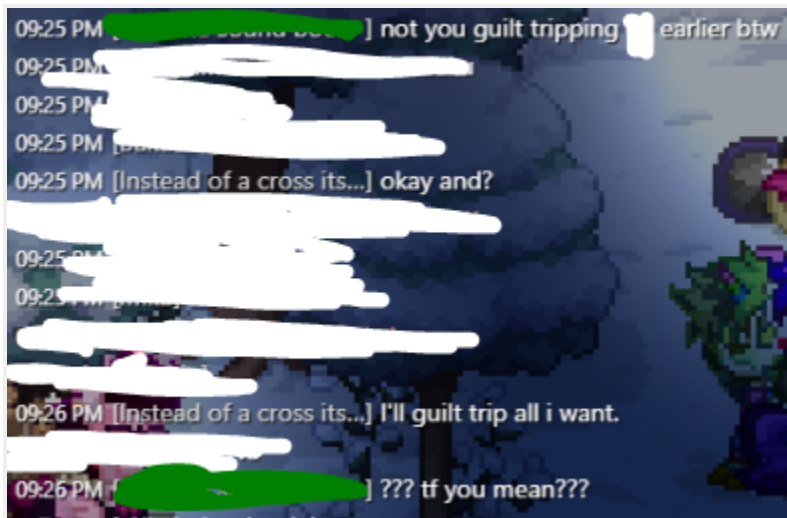

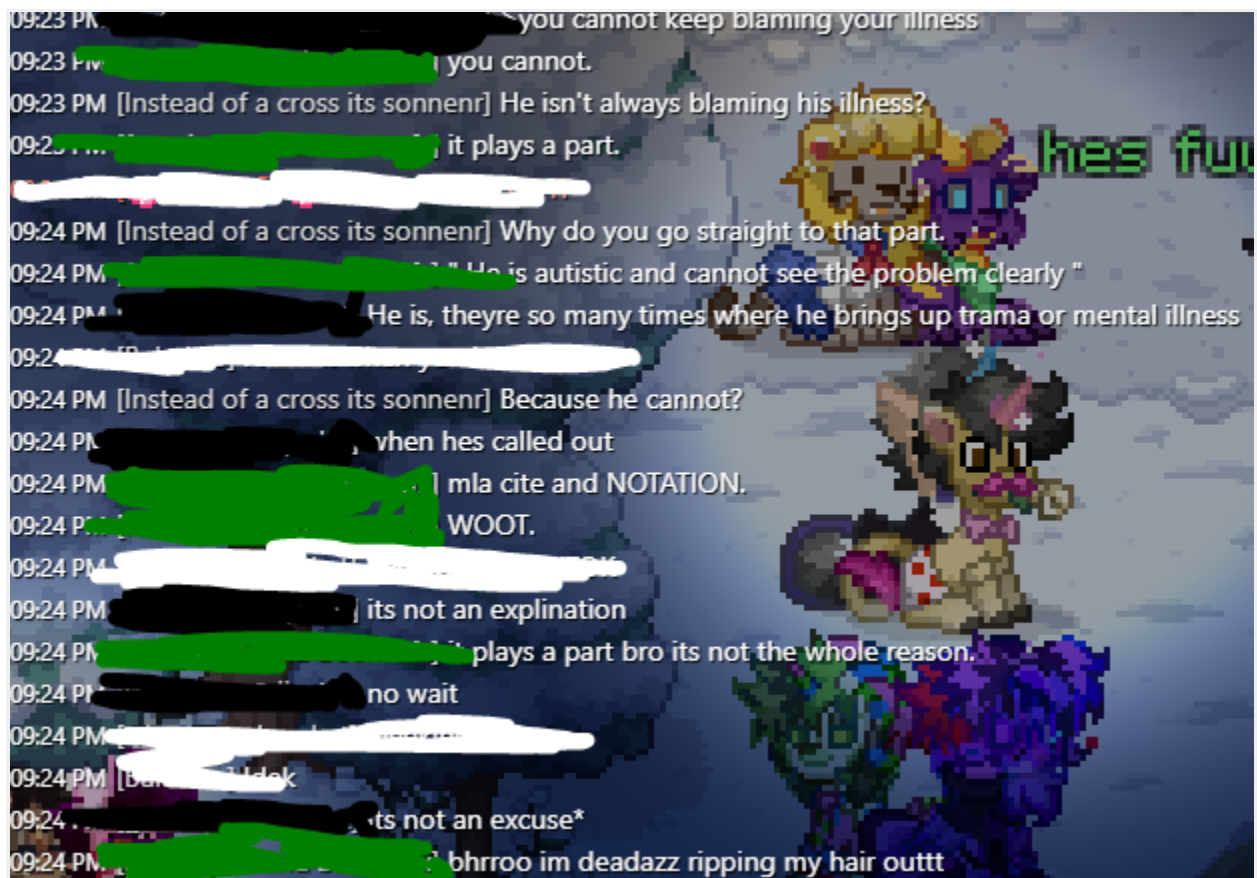

recently, i had dropped mura, and this ended up in him gaslighting and trying to manipulate me.

there is more on this entire convo, but this is only multiple out of the many convos ex friends of mura have had, which ended up in mura guilt tripping them. i haven't really heard of him "changing", as he only mentioned to me about leaving his richtofen episode. out of the episode or not, it doesn't change what you did at all.

this is one of the examples of mura being manipulative emotionally [?] it's genuinely saddening to see how invested someone can get into an online world, acting as if they can do anything...

this brings me to the whole confrontation, the SAME day i dropped bier.

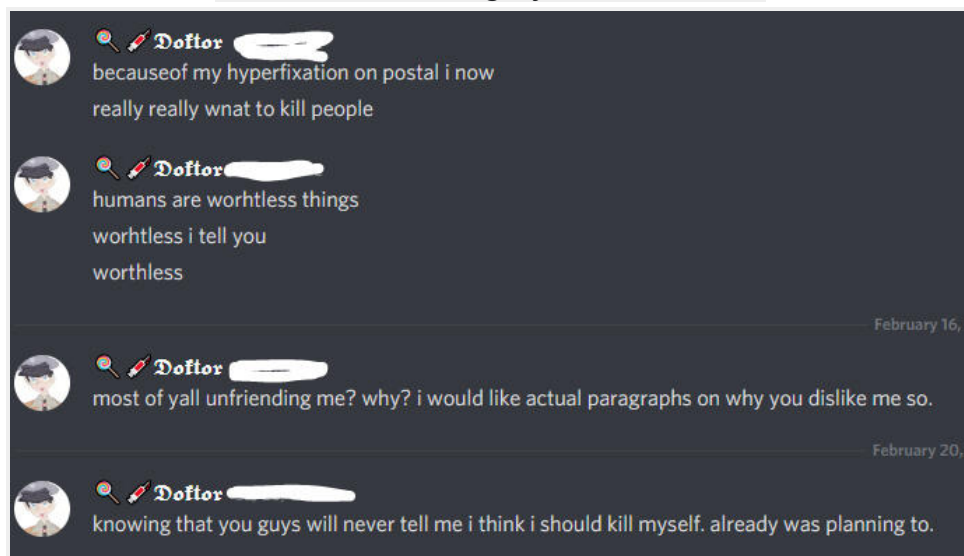

green = me

black = kaito

white = randoms
cross = mura/zombie

this entire argument, if you didn't read, was about how mura was guilt tripping me after i dropped him, and how he started to guilt trip my friend after. zombie/mura THEN started to blame this on mura's autism, in which... that cannot justify sui baiting... and guilt tripping ... zombie/mura started to say that they didn't care that they were guilt tripping, and they could do it whenever they wanted to... eek,,,

i also find it VERY odd and gross for mura to say how he can guilt-trip all he wants. that's a huge yikes moment,,

Bier/Zombie's Hypocrisy.

in a old server that me and some other friends were in, we were all making sexual jokes and saying stupid shit. zombie [bier's hallucination] had yelled at us saying smth about "nsfw bad!" [i do not have any screenshots of this, as i've been kicked by him after dropping bier.]

a couple weeks/months later, zombie had a made a carrd, with literal porn linked in the carrd.

proof

once two of my friends had confronted zombie about this, finding it to be complete hypocrisy, zombie had replied with saying "okay? cry about it." this is complete hypocrisy, as zombie was complaining about nsfw shit once.

zombie had said that mura/bier had helped him with the carrd, which isn't an excuse ofc.

Bier being NSFW.

bier had forced multiple erps on people, to the brink of traumatizing them. these ss were from the bierexposed carrd. [tobys carrd]

  21/01/2022
literary this guy wont own up to his actions at all hes such a fucking petty shithead, he loves to start shit just because he wants to feel more superior, he chooses to surround himself with shitty people who do nothing but cause problems, he causes others trauma and emotional harm *COUGHS * FORCED ERP, EMOTIONAL BURNOUT(CAUSING ME TO GO OFF MY MEDS),RACISM,NAZISM ETC ETC, and in general hes just a really fucking terrible person
OH MY GOD I JUST REMEMBERED HE FORCED ME TO ERP WITH HIS ZOMBIE RICHTOFEN AND WAS MAKING WEIRD NECROPHILIAC REMARKS

  21/01/2022
the entire time he was erp'ing with me (forcefully) he would use his z-tofen and make really bad necro-ish remarks it was so uncomfortable for me, i would literaly tell him no sometimes and he would keep begging me until i gave in

  21/01/2022
I WAS WITH YOU WHEN HE DID THAT KIND OF SHIT
he still tries to grope my 

  21/01/2022
erp or not ITS STILL REALLY UNCOMFY 😞

This is from a group chat with 2 friends. They don't have any screenshots from the time, but as someone who was friend with Bier, I've witnessed him with both people several times roleplaying, with Bier forcing sexual topics. He never hid that from anyone which is extremely disgusting.

*forcing erps onto someone, online or not is considered sexual harassment / possible s/a. **even if bier is a minor, it does not excuse and instantly validate it, its still sexual harassment.***

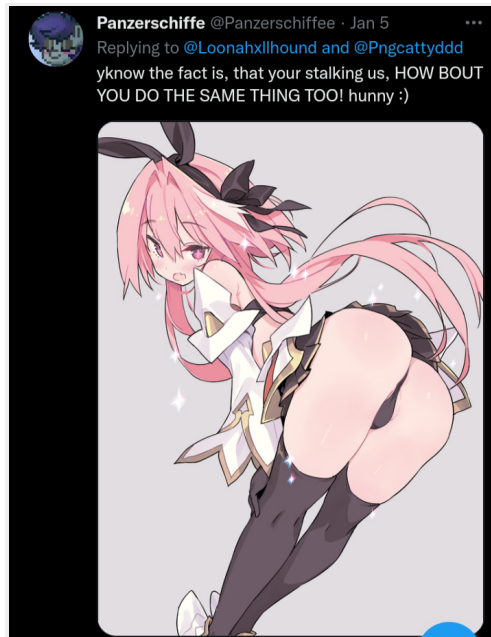

there has also been an incident where bier had pushed NSFW topics onto one of loona's friends. [who i shall keep anon for their privacy.]. bier had blamed this on his hypersexuality, and said he could not control it.

without medication, self help groups, and psychotherapy, you can control it. you can control your hormones, and i mean that in the nicest way possible.

I can confirm as someone with hypersexuality. If someone doesn't want to talk about that, if they clearly state they aren't comfortable, you should NOT engage in sexual chatting, it doesn't matter how hypersexual you are. Stop blaming your actions on mental illness.

bier had also sent nsfw images to loona [who is currently a minor, same thing goes for her friend.]

Loona's Typing ! Here is proof that he sent me nsfw!

2 years ago, bier said a really,, bad thing in roblox. [pink avatar - bier. keep i mind he still hasn't apologized for this]

bier also talked about a richtofen 3some fanfic in party chat, when some people was uncomfortable by it.

he had also openly talked about sexual actions to us, even after the fanfic.

Bier and richtofen also acted on these actions in front of us, with bier being in a naked version of his main/normal skin. Not sure about the actual details, but they

did make these actions on the PG server in front of me and Kaito. I don't think he was called out about this until now.

in an old server i was in, i was saying some weird shit about myself (sonic.exe), that i highly regret to this day. bier called me a zoophile for this, and caused me to panic and almost have an anxiety attack. bier had played it off as a "show" and said he loved putting on a show. making someone almost have an anxiety attack and putting it off as a show, isn't really right at all, bier.

"Zombie".

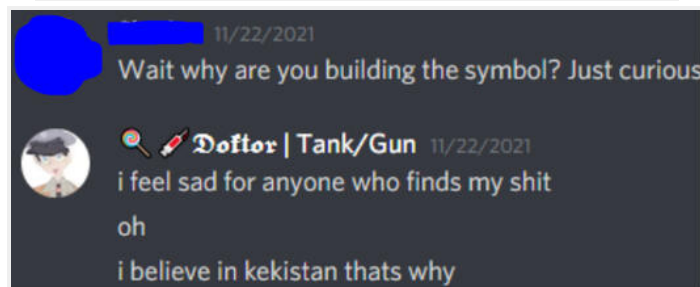

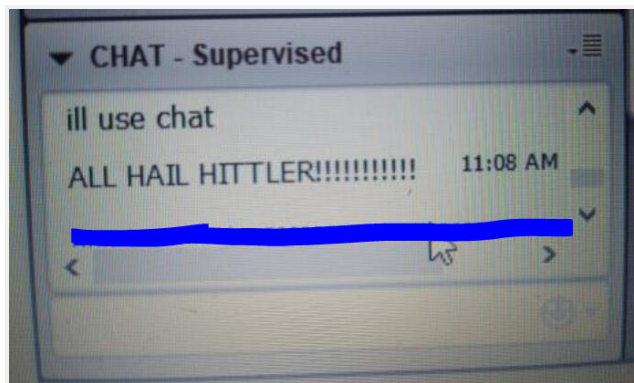

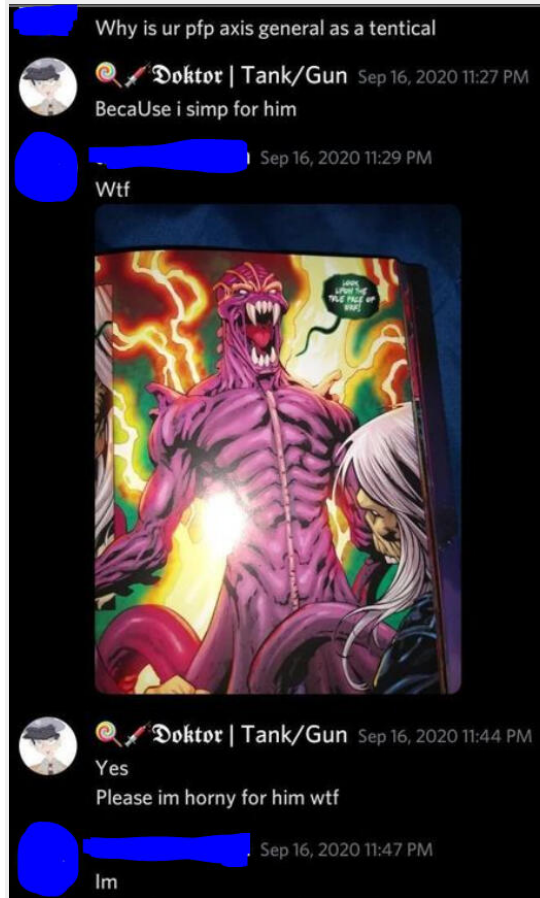

You might have noticed that the issue doesn't only involve Bier, but also someone called "Zombie". Well, this might blow your mind (or not), but that's not a real person. Zombie is Bier's "hallucination".

Around 2021, Bier used to talk in Pony Town although no one was there. He claimed there was a pitch black pony next to him that soon turned into the character Zombie Richtofen. Later on, there was someone else playing with Bier, who was the exact same character that he said his hallucination was. We already knew it was him because he was always calling the hallucination "Zombie" and that's how he called the person next to him. His former irl friend, Viv, confirmed that Zombie was Bier in an alt account. So as much as we call them by their names, keep in mind that Zombie is not real, it's just Bier controlling another account.

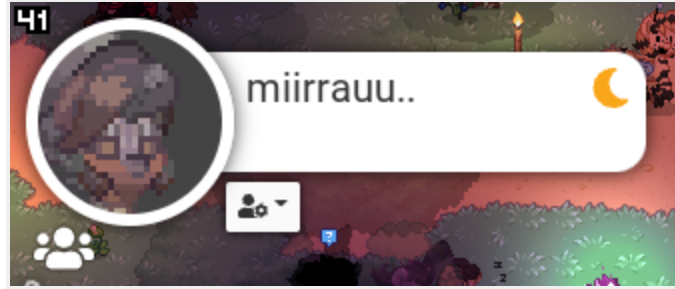

[plus, how tf can hallucinations make bronytown accounts what the fuck type of science is that bier]

Bier openly being weird about Nazis.

there have been multiple occurrences of bier constantly talking about nazis, and even simping for nazi characters.

oh yeah, he also did this. [tldr: its the third reich. yucky.]

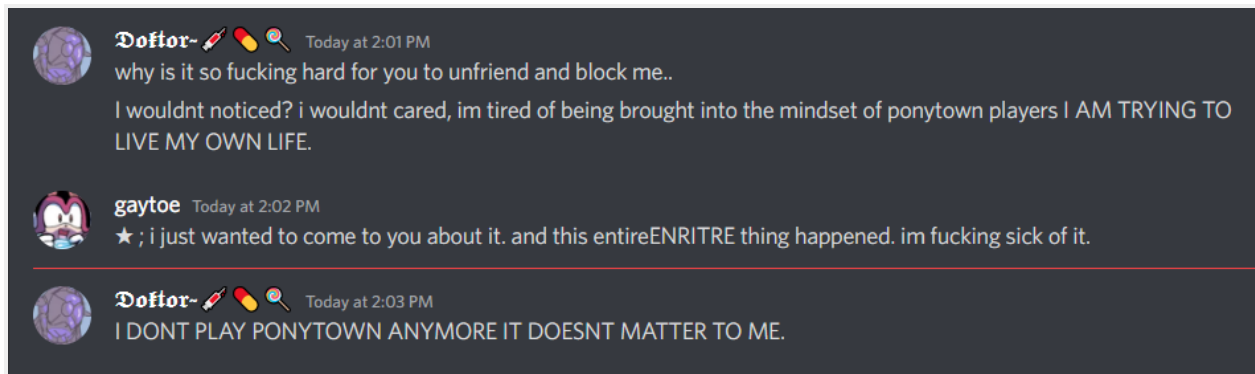

whenever bier was called out 4 being a nazi, he'd always try n say that the richtofen he was isn't a nazi. this is a dead fucking lie because well - canonically richtofen is a nazi doctor. keywords: is + nazi.

Doctor Edward Richtofen is an antagonist in *Call of Duty: World at War* and *Call of Duty: Black Ops*. He was a Nazi scientist who developed the *Wunderwaffe DG-2* and loved to torture various victims of his. He has appeared canonically in

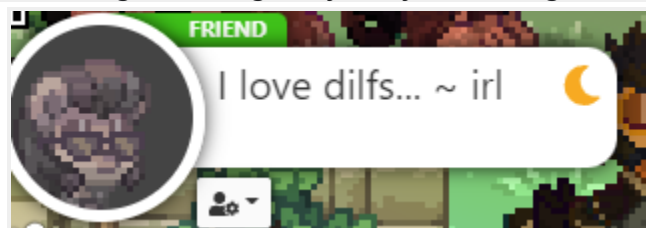

Bier lying.

this isn't as huge unlike the other stuff we talked about, but its worth mentioning.

this was when we were arguing.

here are some recent images brought by toby, showing that bier has been on pt.

I love dilfs... ~ irl
I love monsoon..

Away

Bier being misogynist.

bier had also been very misogynist towards women, while talking to a ex friend, who i will not mention for privacy. keep in mind that the ex friend didn't know any better, and had emphasized with him to be in good terms.

EXTRA!

hi, kaito from the future. 2-ish months ago, me, toby and jai got into a gc with bier, other bier, and someone else i cant recall.

we got into this gc to have bier apologize to us, in which he did make an apology doc, however only focusing on me n the other two. there were a few flaws seen in the document, but first lets get to the amount of shit that happened in the gc.

this is bier/eddie LITERALLY lashing out on jai just because jai gave him advice. it shows how much he really doesn't give a shit about his mental health, nor help.

now time to actually look at the document, talk about it, and the fucking shit aftermath.

For Jai

To start off, In general I am sorry for affronting you. I didn't know better, and you do not have to accept my apology, but please drop it.

this is... already somewhat of a red flag.

to me n the others, we thought that this part,, isn't that well written, and should at least be worded a little bit differently.

not that much on this segment, but try and reword this part.

the jai segment in bier's apology is mostly about apologizing for shit about jai's ex, who i will not mention. but focusing on the odd parts.

Closing text

To anyone else who reads this and has been a victim of my attacks, I'm terribly sorry, I am struggling to get therapy but I will soon, and other than that, please just remember, from whatever you have been traumatized from, **your trauma is valid**. Just, please don't come for me or talk about me anymore, I've learned that I need to take more breaks from PonyTown.

this part is pretty wonky to us, as it kinda doesnt make sense.

“your trauma is valid, but don't come to me about it.” its basically like saying: “you may have depression, but stop crying and do something.” if that makes sense.

some more stuff + conclusion

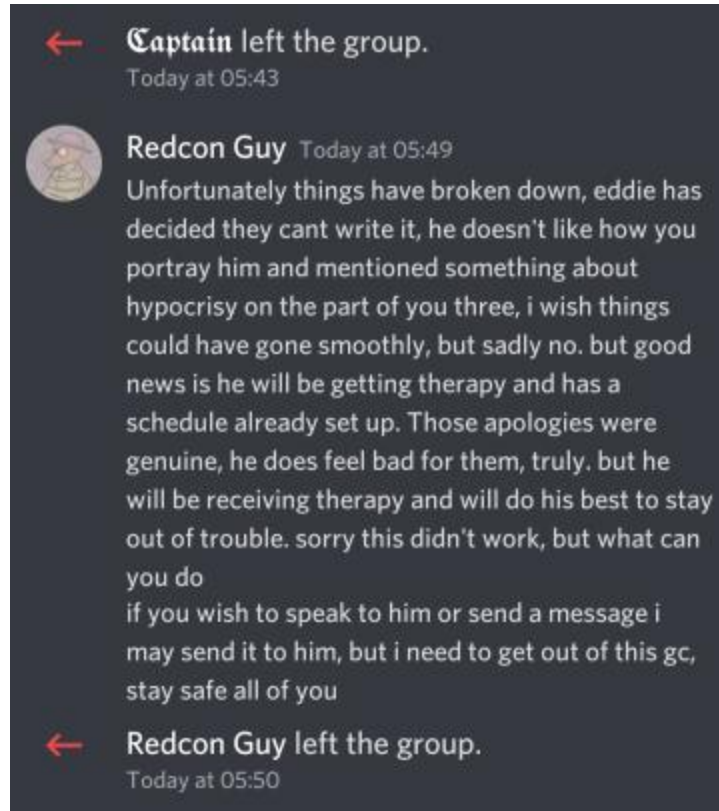

there were stuff missing from the document, such as forcing ERPs + NSFW topics onto others without consent. me n the others think you should apologize for that, bier.

you shouldn't say something like “don't talk about me anymore” or “just drop it please” in an apology doc, as that just makes it seem like the apology isn't genuine at all.

conclusion:

the apology was bad. there were stuff missing from it, some sentences were worded incorrectly, and some stuff seemed off from the apology.

oh yeah, after the document, this happened.

...yeah. we'd appreciate a reason why we were the hypocrites, and that we were in the wrong for this.

Message for bier from Madoka/Loona.

From all of the shit you have done, You deeply owe all of us a fucking apology. I have a lot of shit against you. You're 100% mad because you can't do this to anyone no more. You think we are the ones hurting you and we aren't, We are trying to show your dumbass the goddamn truth. You'll never be right, everyday you become dumber and dumber. Not to mention, you badly influenced us all.. You're the worst PonyTown player to be seen bro. Anyways fuckface, how about this when you see this document. Okay? Go cry about it. And I hope you go to fucking prison for the shit you have done. ^^

For the people who are supporting disgusting behavior and moving on like he did nothing, you are bad just like him. Hold your friends fucking accountable because if you don't. U are not a true friend, Period.

Don't ever come to us crying and guilt tripping us because we called your stupid racist ass out. You don't deserve sympathy. You cannot excuse this bullshit ass behavior for much longer. Making us feel so bad because you kept getting attacked for shit you have done. You're 100% a manipulator. I refused to unhide you because I saw what you had done and I was blinded and was by your side. You kept telling me you apologized to everyone. More like half-assed apologies and sounded fake.

i would like to speak up as well.

i only wanted to be on good terms, even while not being friends, that's all i wanted. instead you decided to guilt-trip my friends, and also gas-light me.

i can see why everyone despises you now, and i understand that.

it was a good idea for me to drop you, after knowing what you did.

i understand that what you did was all in your richtofen episode, but even out of it, you're still the same person, you're still a terrible person.

what you did was unacceptable, and you can't come back from that.

goodbye, and fuck you, bier.

– kaito.

Oh hey I would like to speak as well.

It's so funny how much you wanted to blame me for being called out and people being against you. Remember the shit you've done to me and my friends? How about you stop using your mental illness as an excuse and actually fucking apologize PERSONALLY. I want an apology, Bier. I want an apology for the stress you made me go through. For calling me a pedophile over me being groomed or LYING to me saying how much you wanted to change. This is all so funny. You aren't the victim. You never were and will NEVER be. You owe everyone an apology for all the shit you've done. Stop being a fucking 12 year old on the internet and act like your age, you aren't the "almighty lord", you are a pathetic freak on the internet pretending to be edgy just because you use 4chan or whatever. You need this reality check because I don't think you're realizing how fucked up you are.

- Toby

I would like to speak on my experiences with Bier, although trigger/content warning for mentions of n/zis, nsfw talk, consistent harassment + stalking etc.

I met Bier around February or January of last year in a group with my ex, Cal. At first it was fine but it did get quite weird (as soon as I can access the old group, I will provide as much proof as possible such as screenshots).

One thing that really stood out to me at the time was the constant disrespect and purposeful triggering of my ex. For context, he had a trigger of the character Richtofen and was **always** respectful when asking to stop sending content of this character. Which Bier simply disagreed to and ignored. Instead, they would purposely be skins of Richtofen, send Richtofen etc to simply disrespect Cal and make him uncomfy, which simply is not right in the slightest. While yes, you cannot really control such hyperfixations you get, you **can** be respectful to those who may have a trigger of the source, I have a hyperfixation of Peaky Blinders and respect those with the trigger due to some scenes. You even got pissed at ME for asking you to spoil photos of him, which literally only takes one click.

Another thing he did was the constant romanticizing of n/zis. Even as a “Jewish” person, the lack of remorse you showed towards Jewish people - such as Cal - asking you to not send content of n/zis is vile. It does not matter if you are Jewish or not, you can STILL support n/zis. The fact you used you being Jewish as an excuse to try and justify your romanticization of n/zis is absolutely disgusting.

Thirdly the amount of unwanted nsfw talk. Whether this was about your weird ass kinks, talking sexually to someone when they were in a skin of their comfort oc, honestly the list goes on. There were no excuses for this. You actively made people uncomfy with sexual talk and when people spoke up to you and asked you to stop? No respect, simply just “stop acting the victim” or “kys”.

Lastly is stalking/harassment. I cannot speak for everyone you have met, but I know for a fact you stalked me and Cal on twitter for months after we both dropped you for a while. It got to the point that Cal had to go private for weeks out of fear because you would send us nasty dms (which I cannot access as I was suspended) and even get your friends - such as Max - to bother Cal on pony town. That is a literal crime.

I do not want people going after you, you are still very young. But I do suggest that you seriously get off of the internet. Coming from me, who is 19 years of age, and wasn't the best person at 14, getting professional help will really be the best for you. You need to stop running from this. You have hurt so many people and at your age? It's honestly extremely scary.

- Jai

Where to even begin, It was last year when I met Mura/Eddie, y'know we kicked nicely and all, found out we live nearby each other irl, which i'm genuinely a nice person/ I love meeting people. But ever since that he'd pressure me about buying a car or learning to drive, which on my hand i'm a very busy person and my life is constantly going places so I don't have the time to exactly do his wishes? Another thing I'd like to say is that I'm so very sorry to everyone here, and to the people that aren't in this document but those who've perhaps yelled at or experienced Mura/Eddie's words. I may be a close friend to him and it hurts to see how much damage a 15 year old boy could do and the excuses of being that young and blaming it on "ptsd" and being "phycotic" is not an excuse for the things that you've done? Does he not realize that yeah y'know words can hurt and really if you're suibaiting people to get what you want, I even have the screenshots from his friends in a group chat he left due to him wanting to "get better". His friends and I have been wanting to help him out for years honestly, but it's him not wanting to listen to the words of advice, I've even sat down and comforted him the times he'd cry endlessly- yet to leave me baffled the next day as he goes on and does to most questionable thing?

I love him, I do- I care for him as well, but not understanding how much trouble you're in- digging into it really? I'd also want to say/open up about this "**Zombie**"

Now Zombie, isn't who think he is, and i'm quite not sure how people didn't catch this in the first place;

Zombie is a hallucination irl that Mura/Eddie has, yet you see this account online

that follows him/comforts him, though you may be wrong that it's just "another" person pretending to be his hallucination?

This **Zombie** is actually just **Mura/Eddie**. I shit you not. Is it his way to say something or avoid the actions of his consequences, using another account just to get stepped on, and pretend it's not himself, or he uses it to find out answers about Mura/Eddie. Such as the other day in my friend's Minecraft server, he joined the Zombie account asking me a little question! I was like yeah shoot!

Z: Why haven't you been calling Mura lately...

He says to me and I'm dude- I got my own life to live?

Z: Yeah but..He has one too.

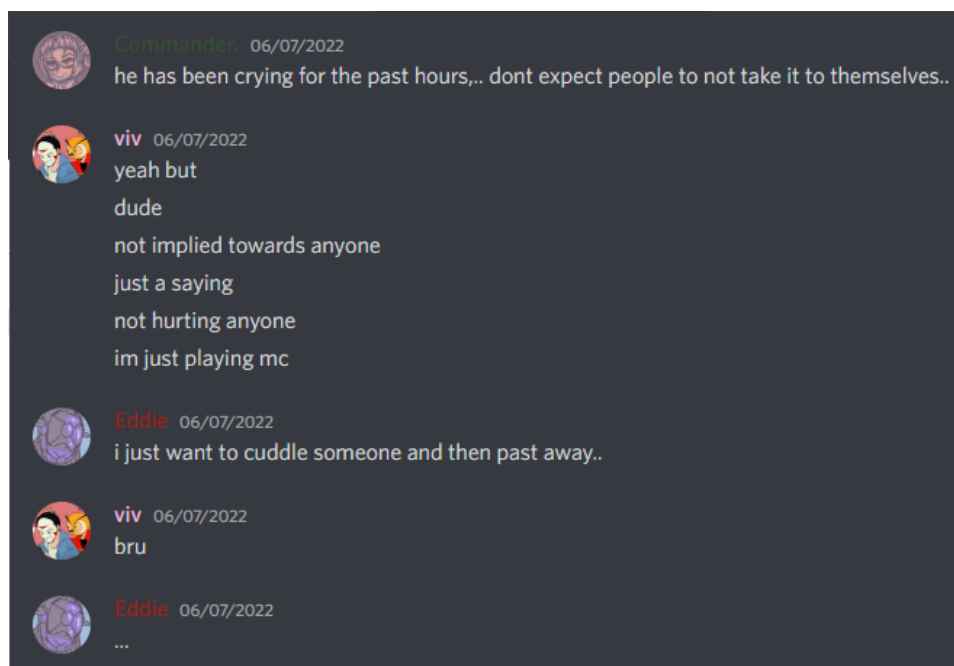

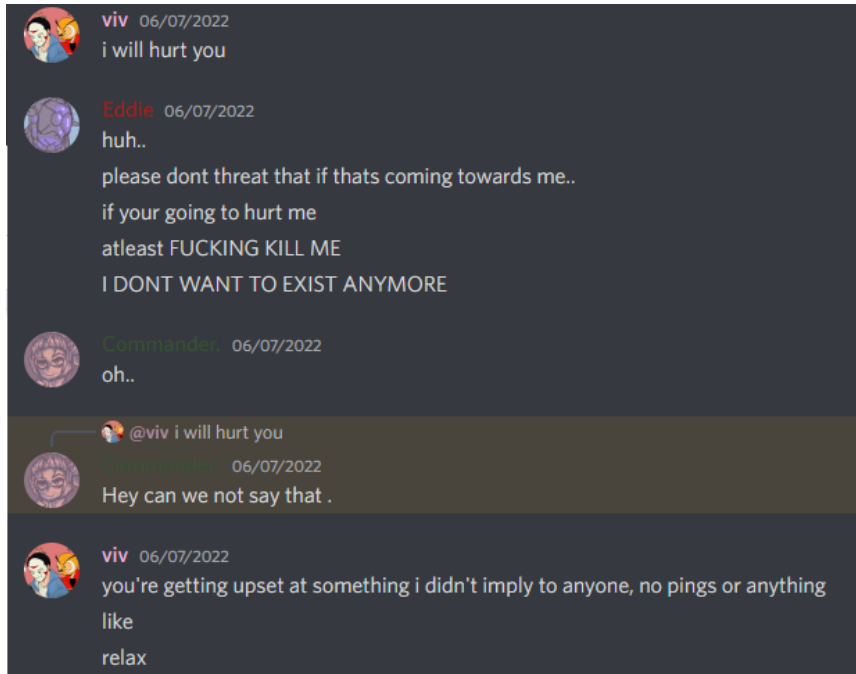

Now..I'm not so sure that's how you respond to the fact that I'm nearly a young adult and live in much more stressful living places than he does? Now he states that his mother doesn't care about him and is so harsh to her all the time, even on call. It's embarrassing really.

Usually nowadays children struggle to even find acceptance in their mother/fathers, but oh- the words i've heard and the actions she's done just from HIM? And he's not grateful for it? When I mention this the other day (Basically for context he got upset that I said "I will hurt you" regarding the fact I said it without any pings, meaning it's not jumping towards anyone?This is in my Discord Server)

Viv = me

Eddie = Mura/Eddie

Commander = Zombie

(After this point he makes it about him instead of letting me continue)

 @viv bru 06/07/2022
thats.. not how you respond to something like that but ok.

 viv 06/07/2022
dude its all the fucking time, you whine and when others tell you what they think or comfort you, you don't listen. listen to the advice that people that actually care for you? cause im tired of repeating myself ENDLESSLY. It's not that hard to sit here and read what i'm saying to you.

and you have no right to sit here and tell me I shouldn't react like that if you are
so so
self centered
im not so sure you're aware me
omg me
i have issues too?
dear happy me?
i love you man, so does ciel, everyone else. but we cant be there all the time if you dont wanna listen
if that's not enough, then i dont know what to say

 Eddie 06/07/2022
i know you have issues??
MY MOM DOESNT EVEN GIVE A FUCK ABOUT MY PTSD

 viv 06/07/2022
your mother does-

 Eddie 06/07/2022
sHE DOESNT??

 viv 06/07/2022
bruh
you don't even realize how hard she tries

 Eddie 06/07/2022
I KNOW HOW HARD SHE TRIES??

 viv 06/07/2022
then why are you telling me this

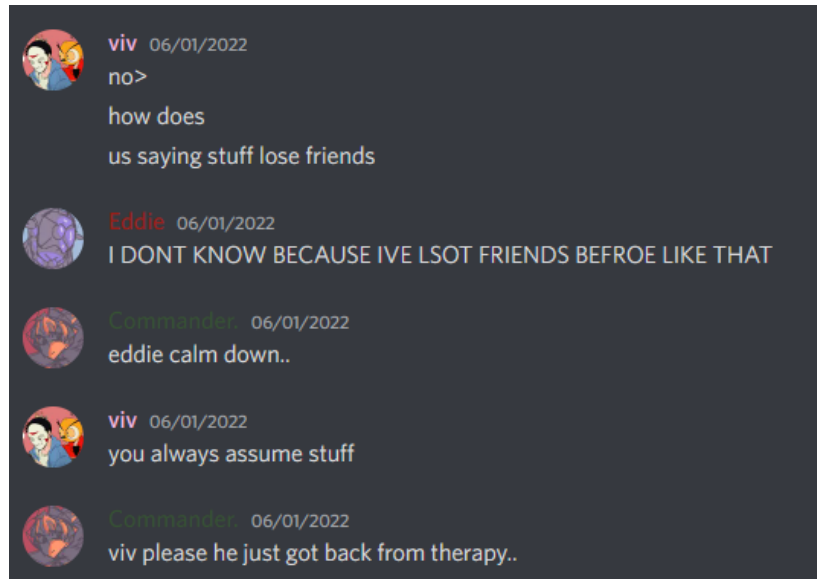

Honestly, I kept my mouth shut for the longest time, just hoping maybe just hoping that one day he'd wake up and realize hey! Instead of removing the people I love and that they insist I should be prepared to make my life better, changing you isn't easy per say but in his case? He's young and it's better to get a grip when you are before it becomes too troublesome when he's older. Becoming a better person means hey maybe you shouldn't be gaslighting people for the attention you desire, or maybe the fact he tried using that against someone to give them NSFW art, which in any way- you're a minor and showing a minor porn or anything like that is fucking disgusting and he begged for such images? And if you have those types of pictures downloaded, isn't it common sense that "Hey! Maybe not everyone here is comfortable with it"

Another brief comment is that I've been informed last month that he wasn't taking his medications, because and I quote "They aren't helping my episodes" That doesn't mean to stop taking your assigned meds? Like bro please??? Side Note: He proclaimed that he went to therapy on June 1st this year, although I don't know if it's true but I don't want to assume the worst.

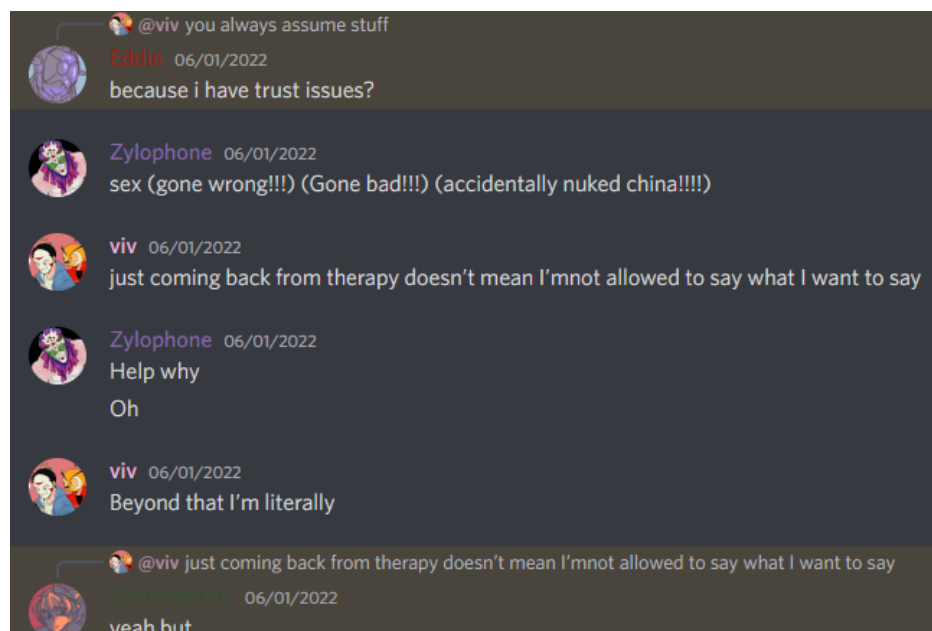

Here is shown that he "just" came back and at this time I woke up to them having a sex talk which im uncomfortable in my server, yes they dropped the conversation but It's **my server** and my other moderator already told them to drop it.

(Mura/Eddie is a mod, but doesn't even do his job right(and yes I was joking about drowning someone I forgot to /j it))

(In this next ss my friend Zylo- they are fine with their user in it but ignore them they're just goofy)

If he wants to say he's getting better than be my guest, but the "Viv, pls he just got back from therapy" ok, but he hasn't shown any signs he came back from therapy, He's still the same??? And this only happened once, you don't just go to a therapist once and be perfectly fine the next day?
Look if he ever reads this, I'm not necessarily mad at you but what **WE** want you to do is listen, just fucking sit down **AND LISTEN**. It's all I ask for him to do, cause at this point I'm barely hanging on a stick for this and I feel bad having to sit here and tell all this information about him. But if trying to communicate with him

before didn't help then I don't know what to do. I even spoke to more of his/my friends about the situation now, since he's gotten out of hand, turns out he's ignoring most of them? And I did some digging around and found out more about him due to those friends. This will be my last message to be signed off, but the udderly amount of death threats this little boy has sent towards the many people online- even for the littlest thing that "hurt" Mura/Eddie, he goes into a rage, even calling, yelling, throwing a fit because he can't get his way- and just- dude, relax. Not everyone is gonna be on a silver platter for you just to accept the fact you have problems that you don't know how to handle? Another thing he did was romanticize n/zis all the time. The lack of regret you demonstrated towards Jewish people, even if you are a "jewish" person. I'm just astounded by the quantity of unwelcome or nsfw chatter, which?? Yes, it's unsettling, and it's not something you should discuss in public. Even in games, you bring it up out of the blue. Just...I love you, dude, and I'll say it again, but you're in need of assistance. And by that I mean help- you need help. It's not difficult to go online and seek that, because the people around you are currently unable to help you enough with your demands/needs.

May 24, 2022 3:06 AM
This shit has been lasting since December, all I've seen is muranue get worse, 15 betrayals, and anti proshipper death threats if i had a nickel for every time I've been told to kms over saying "iii ammmm the proship alaaaterrr ALEX DA LION X TIMEKEEPER YEAH" I'd be rich I'd be a billionaire!!

May 24, 2022 3:08 AM
The 15 betrayals..yeah, that happened recently but the rest explains he hasn't changed...take that from someone who's phone was confiscated for 5 mnths... It's like everyone tells him "get off the internet and get help" for the sake of us

May 24, 2022 3:09 AM
What's sad is that he used to just be a 13 year old kid on pt who liked codz but was bullied for it
